Previously destined to become the site of luxury condominiums, Lovers Key State Park was purchased for the people of Florida, so the park's natural features could be enjoyed for generations to come. The two-mile stretch of beach is popular for shelling, swimming, picnicking, fishing, and swimming, while Black Island offers five miles of trails for hiking, bicycling, and wildlife viewing. Additionally, the Welcome and Discovery Center is an educational hub for curious park goers to learn more about the wildlife, history, activities, and ecosystems of Lovers Key. Open 365 days a year, there's no better place to enjoy a slice of the real Florida than Lovers Key State Park.
