## ACADEMY OF LIFELONG LEARNING

Wednesday, March 6 • 10 a.m.

### Golden Ratio in Art, Architecture and Nature

This fully illustrated presentation with Dick Brown will look at the Golden Ratio's occurrence in the art of Michelangelo, Rembrandt, Seurat, and others and in the architecture of the Parthenon, the U.N. Building, and the Cathedral of Notre Dame. We also will look at the Golden Ratio's occurrence in the human body, referring to Da Vinci's work. A close look at flowers, horned animals, hurricanes, and even certain fruits and vegetables will reveal some of the many spirals in nature and how they are related to the Golden Ratio.

**Tickets \$5**

Monday, March 18 • 10 a.m.

### The History of the Symphony in 50 minutes

Join Radu Paponiu, Artistic and Musical Director and Conductor of the Southwest Florida Symphony, as we review some of the most influential historical ensembles and composers. This presentation explores the development of the symphony as a genre from its very beginning to the present day. **FREE**

## J.N. “DING” DARLING WILDLIFE SOCIETY PRESENTS

Friday, March 15 • 10 a.m.

### Surviving the Storms

Have you ever wondered how a gopher tortoise can survive an eight-foot storm surge? What happens to freshwater fish when their ponds become filled with saltwater? Why do some homes survive unscathed while others are reduced to rubble? Author and Naturalist Charles Sobczak will examine hurricanes and their impacts. **FREE**

Wednesday, March 27 • 1 p.m.

### The Million Dollar Duck

*The Million Dollar Duck* is a documentary that focuses on the strange and wonderful world of the Federal Duck Stamp Contest, the only juried art competition run by the U.S. government. This film explores the eccentric nature of the contestants who enter each year for a chance at wildlife art stardom, while also reflecting upon the history and challenges facing the continued existence of this successful conservation program. **FREE**
